We've finally received some much needed rain. And the fire bans have been relaxed. It was a dry summer and thanks to you all for being diligent during the burning restrictions period.

It is getting colder now and the wood stoves and furnaces are being flashed up. **Please ensure that your flue pipes and chimneys are clean and that your smoke detectors are working properly!**

Turn Over

Our fall bottle drive went well. Thanks to all for your support and donations.

In the future, when there is a dry season we will open the hall for those that are in need of water due to dry wells. The schedule will be announced when required.

We are always looking for new Firefighters. If you have an interest or would just like to see what's involved, please drop by the fire hall on any of the scheduled training or maintenance nights around 6:30 PM.
