

# Siren

Good Day to all of you in our United Communities. I trust this Siren finds you and your loved ones healthy.

The United Communities volunteer firefighters are back to holding meetings, practices and maintenance nights on the first 4 Mondays of each month. If you would like to see how we operate or are interested in joining the department, please drop in. There is an overview of recruiting on our website at UCFD.CA.

We are venturing out, albeit with caution, to hold a community B B Q on Saturday September 5<sup>th</sup> from 11 – 2. Hotdogs, hamburgers, pop and water will be provided. We will be following the Department of Health and Wellness food service guidelines. We request you bring a mask and maintain physical distancing while you enjoy a bite to eat or you can take it home to enjoy. We look forward to seeing you all!

Please remember there is restricted burning across the province. Please check the provincial burning website at <http://novascotia.ca>burnsafe> for direction. They can change daily so check each time you are considering a burn of any kind on your property. Please ensure you take precautions if you are entitled to burn with plenty of water near by for exampe.

Larry Blackler
